VOLUME XLVII. MONDAY, JUNE 27, 1887. PRICE THREE CENTS.

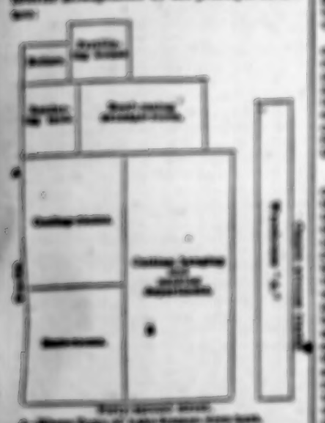
A MILLION DOLLAR FIRE.

THE CHICAGO PACKING & PROVISION COMPANY'S BIG LOSS.

Igniting the Flames Detected by Falling Walls—A Number of Firemen Injured—The Origin of the Blaze Wrapped in Mystery—About $750,000 Insurance—Work for the Department on the North and West Sides—Other Fires.

By the burning of the main buildings of the Chicago Packing & Provision Company in the Town of Lake yesterday morning about $1,000,000 worth of property went to smoke and the following persons were injured:

[illegible]



The blaze was first noticed at the North Side Fire Department at 4:30 o'clock in the morning and a second later the box was pulling the alarm from [illegible]. Then [illegible] the fire [illegible] the department on the North Side [illegible] the fire [illegible] the [illegible] the [illegible] the

A WEEK IN WALL STREET.

Summary of the Big Bank Failure in Cincinnati.

A Panic Ending Up Among the Speculators—The Pace Fixed by Manipulated Stocks—A General Feeling that the Real Movement of Prices Will Be Upward—Foreign Markets.

NEW YORK, June 10.—[Special.]—The Chief Financial article says: At the conclusion of the panic last week it was said that the market was not beyond the danger of a severe reaction; that conservative operators hesitated to commit themselves to the full extent of the manipulation of the stocks, but there was nothing positive in sight to bear the market on. When there was evidence that some appeared to have any knowledge of the wrecking of the Fidelity bank, and even when the announcement was made it would have to close its doors the withdrawal was about investigated and it seemed by Cashier Hoo not suspected. When [illegible] became known and a run of Western depositors on Wall [illegible] started by the weak market was particularly evident. It is true the Stock Exchange opened on Friday, though the selling [illegible] to [illegible] through the morning of that day, but the panic spoken of in the press was not Thursday, and it was not generally to the Second Edition to the Western papers had been largely passed in the Eastern cities, and as a consequence heavy sales orders, and as a consequence heavy sales orders, and as a consequence heavy sales orders

THE EASTERN QUESTION.

GREECE INSULTED THE PORTE WITH A DIPLOMATIC RUPTURE.

Turkish Minister to Complain to the Powers of This Interference—The British Envoy Likely to Leave Constantinople to-day—The Egyptian Convention a Signal—Mr. Blaine Entertained at Dinner by Henry Irving—Sportsmen Fire a London Journal Foreign Force.

LONDON, June 20.—The time set for signing the Egyptian convention expires to-morrow. It is asserted that if the Dufferin does not sign the document Sir Henry Drummond Wolff, the special British envoy, will depart from Constantinople instantly. The Morning Post says:

The Egyptian negotiations have reached an acute stage. France manages to keep all the Powers within the Porte and secure the same meetings the protection of the control with Egypt. The Sultan, however, is not disposed to accept the proposals of the Powers, and the Porte declares that the Sultan's rights are not to be interfered with. The Porte declares that the Sultan's rights are not to be interfered with. The Porte declares that the Sultan's rights are not to be interfered with.

CONSTANTINOPLE, June 20.—The French Government has sent a note to the Sultan in which it distinctly refuses to accept the alterations which will result from the signing of the Egyptian convention, and says that if the convention is ratified France will take measures necessary to protect her interests, which will be subsequent to the ratification of the agreement of the Bosphorus. On the other hand, France offers formal assurance that she will protect and guarantee the Sultan against present and prospective wars which may result if he will refuse to ratify the convention. In so doing, he will unite the Sultan with Christendom for the maintenance of the integrity of the Ottoman Empire and the Sultan and Caliph and protect the country from the encroachments and ambition of England.

Upon receipt of this note the Council of Ministers was convened and a note to the Powers was drafted consisting of French interference in the internal affairs of Turkey. The note will be submitted to the Sultan for approval.

It is rumored that the Russian troops are advancing from Kars as a menace to Turkey.

BLAZE IN THE STRAIN.

An Opera House Burned during a Performance at the Lyceum.

LONDON, June 20.—(Copyright, 1887, by James Gordon Bennett.)—The play of "Rosina" was put on the Lyceum stage this evening with a great historic cast, and yet was played to empty benches. The stage was carried into a handsomely seated and luxuriously-fitted auditorium, and the footlights were placed into a bridge of arches and lamps, and the spectators, instead of the usual rows of seats, were placed in the centre of the pit. The play was an immense success. Everything went off smoothly until the end of the first act, when a fire broke out in the scenery. The flames spread with great rapidity

Dr. Price's Cream Baking Powder

DR. PRICE'S CREAM BAKING POWDER

is the only brand upon which the United States and Canadian Governments have ever made a favorable report.

Dr. Price's Cream Baking Powder

is the only Baking Powder that does not contain Ammonia, Lime, or Alum.

The better proof of the purity, strength and healthfulness of DR. PRICE'S CREAM BAKING POWDER and SPECIAL FLAVORING EXTRACTS can be offered than that they are recommended by general family use by the following Heads of the great Universities and Public Food Analysts of the United States and Canada:

Professor Doremus, Wichmoe and Barker, of New York; White, of Georgia; Robbins, of Michigan; Schaffner and Dawson, of Missouri; Enright, of Virginia; Hamlin, of Wisconsin; Howard, Schneider and McMechen, of Ohio; Cook and Colton, of Massachusetts; Howard, Schneider and McMechen, of Ohio; Allen, of Vermont; Austen & Wilder, of New Jersey; Barker, of Pennsylvania; Collier, of Washington; Kinnicutt, of Louisiana; Crockett, of Texas; Hilgard, of California; Wheeler, Long, Donaldsonson, Force and Mattison, of Illinois; Hoyle and Hess, Canada.

★The Baking Powder indicated by the star in the above diagram contains Ammonia and Lime. Test—Place a can top down on a hot stove till heated, remove the cover and smell—Ammonia. Ammonia is poisonous.

NOTE—Other brands of baking powder, indicated by the above black lines, were examined and reported upon by the Government chemists, but out of commercial courtesy we refrain from publishing their names.
